DECISION ACCORDING STATUS  
UNDER 37 CFR 1.47(b)

This is in response to the reconsideration petition under 37 CFR 1.47(b), filed October 7, 2002.

The petition is granted.

Petitioner has shown that the non-signing inventor, Mr. Anthony Mark Jones has constructively refused to join in the filing of the above-identified application after having been presented with the application papers. Specifically, the exhibits to the petition establish that the inventor was mailed the application papers, including the specification, claims and drawings, received them, but failed to respond to the request that he sign the declaration. In addition, petitioner has shown that Micron Technology, Inc. has a proprietary interest in the above-identified application with a signed assignment document. Lastly, petitioner has submitted a declaration in compliance with 37 CFR 1.63 and 1.64 and petitioner has shown that such action is necessary to prevent irreparable damage.

This application and papers have been reviewed and found in compliance with 37 CFR 1.47(b). This application is hereby accorded Rule 1.47(b) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the above-identified application will be forwarded to Technology Center 2800 for examination in due course.

Telephone inquiries should be directed to the undersigned at (703) 308-6712.
